The California Workers' Compensation Defense Attorneys' Association, Inc. (CWCDA) is a federation of California attorneys and their professional associations engaged in the private practice of workers' compensation law on behalf of employers and their insurance companies. Member Associations include the Northern California Workers' Compensation Defense Attorneys' Association (NCWCDA) and the Southern California Workers' Compensation Defense Attorneys' Association (SCWCDA). The highest quality of continuing legal education is offered in specialized area of law as well as an opportunity for our members to come together to address the critical issues within our profession. Founded in 1979, our mission is to provide California employers and their insurance companies with the highest quality of specialized legal representation before the California Workers' Compensation Appeals Board.

Association by-laws permit membership to individual attorneys, duly licensed and actively engaged in the private practice of law in the State of California, who devote a substantial part of their practice to representation of employers and insurance carriers in workers' compensation litigation in California. For specific information on either the NCWCDA or the SCWCDA, please contact StageOne Events at 925-240-9160.
